## Anthropologist Margaret Mead Named Distinguished Visitor

Anthropologist Margaret Mead has been named Mary Washington College's first Distinguished Visitor in Residence and will visit the campus on Thursday, April 29, and Friday, April 30.

World renowned in her field, Dr. Mead was the first choice of a student-faculty-alumnae committee established to select the first participant in the program which was initiated by the Mary Washington College Alumnae Association in June, 1970.

During her visit to the campus Dr. Mead will meet informally with students and faculty members, attend various classroom sessions and deliver an evening lecture to the entire College community.

Dr. Mead is presently Curator Emeritus of Ethnology at The American Museum of Natural History where she maintains her office. She is Adjunct

Professor of Anthropology at Columbia University and Chairman and Professor in the Social Sciences Division of the Liberal Arts College at Fordham University's Lincoln Center Campus. A native of Philadelphia, she obtained her B.A. from Barnard College in 1923 and her Ph.D. in Anthropology from Columbia University in 1929.

In 1925, she left on her first field expedition to study adolescent girls in Samoa and published her findings in *Coming of Age in Samoa*, now a classic among anthropological studies. Since then she has spent many years living with various South Seas peoples and learning seven primitive languages.

In 1953, she returned to the Admiralty Islands to restudy a primitive community she had described 25 years earlier in *Growing Up in New Guinea*. She found the village still intact, but the

children she had known grown to adulthood and facing the problems of establishing themselves as a modern community. A study of this culture change appeared as *New Lives For Old*.

Among her most recent publications are *The Small Conference: An Innovation in Communication*, co-authored with Paul Byers, and *Culture and Commitment: A Study of the Generation Gap*. Dr. Mead is presently involved in creating a new exhibition hall on the Peoples of the Pacific in The American Museum of Natural History. Her professional specialty is the study of contemporary cultures in the light of perspective gained by the study of small, homogeneous, stable societies; and the further development of cultural theories of human behavior.

Throughout her career, Dr. Mead has received recognition for her out-

standing achievement and service. In 1940 she received the National Achievement Award; in 1949 she was named the Outstanding Woman of the Year in the Field of Science by the Associated Press. More recently, she was voted one of the Outstanding Women of the Twentieth Century by Nationwide Women Editors in 1965; and in 1969 she was cited by the American Institute of Public Opinion as one of the most admired women in America.

The Alumnae Association contribution, which has made Dr. Mead's visit possible, was made in honor of Eileen Kramer Dodd, Professor Emerita of Psychology, who retired last year upon completion of 44 years of service to the College, and her husband, the late James Harvey Dodd, who was a Professor of Economics and Business Administration at the College for 34 years.

## Rev. Robert H. Shaw Dies Unexpectedly

Dr. Robert H. Shaw, Rector of Trinity Episcopal Church and Professor of Mathematics at Mary Washington College, died Saturday, March 6, following an apparent stroke. He was 52.

Dr. Shaw entered the ministry in 1958 and had been Rector of Trinity for the past 12 years. He was named to the Mary Washington College faculty in 1959.

In addition to these duties, his activities in the Fredericksburg community were extensive. He was president of the Fredericksburg Personal Counsel-

ing Service, which he helped to organize while serving as president of the Fredericksburg Ministerial Association.

A native of Milwaukee, Wisconsin, Dr. Shaw received his B.A. degree *summa cum laude* from Carroll College and his M.A. degree from the University of Wisconsin. He held a Ph.D. degree in Mathematics from George Washington University.

From 1946 to 1949 he was a senior mathematician with the Navy and Department of Defense and was a consultant with the Department of Defense at the time of his death.

Survivors include his wife, Mrs. Lucille S. Shaw; a son, Gregory Shaw of Fredericksburg; a daughter, Miss Jane Frances Shaw of New Haven, Connecticut; and a brother, Thomas Shaw, Delafield, Wisconsin.

A funeral service was conducted Tuesday, March 9, at Trinity Episcopal Church by the Rt. Rev. Robert Gibson, Bishop of the Virginia Episcopal Diocese. Assisting were the Rt. Rev. Philip Smith, suffragan bishop of Virginia, and the Rt. Rev. Samuel Chilton, retired suffragan bishop.

# Mr. Wishner, Mrs. Mitchell Are Named To Assistant Deanships

Mary Washington College Chancellor Grellet C. Simpson has announced the appointment of two Assistant Deans to serve in the areas of instruction and academic counseling.

Named Assistant Dean of the College for Instruction was Mr. Lawrence A. Wishner, currently Professor and Chair-

man of the Department of Chemistry; while Mrs. Nancy H. Mitchell was appointed Assistant Dean of the College for Academic Counseling.

Mr. Wishner has accepted a three-year term; Mrs. Mitchell, initially appointed last August for the current academic session, has accepted an additional one year appointment with the request that she return to full-time teaching in September, 1972. Both appointments become effective July 1, 1971.

In announcing the appointments, the Chancellor also indicated that an additional four faculty members would be named to devote half of their time to aiding Dean of the College James H. Croushore and the two Assistant Deans. Their primary duties would be to work with Mrs. Mitchell in implementing the academic counseling program. This action reflects, with some modification, the reorganization of the Dean's Office which was proposed by the Chancellor last year.

A member of the Mary Washington College faculty since 1961, Mr. Wishner holds B.S., M.S., and Ph.D. degrees from the University of Maryland. He has served as Chairman of the Department of Chemistry at the College since

1967.

An Associate Professor of English, Mrs. Mitchell has been a member of the Mary Washington College faculty since 1960. A graduate of Swarthmore College with a B.A. in English, she holds an M.A. degree from Yale University and a Ph.D. degree from Catholic University.

## Faculty Members Participate In Environment Forum

Three members of the Mary Washington College faculty participated in an Environmental Forum for Higher Education sponsored by the Governor's Council on Environment in Richmond in February.

The three participants were Samuel O. Bird, Professor of Geography and Geology; Bernard L. Mahoney, Jr., Associate Professor of Chemistry; and William C. Puschmidt, Jr., Professor of Biology.

The special forum was organized between the Governor's Council and representatives of higher education as a part of the National Science Foundation-State Council on Higher Education-sponsored study, "Science, Technology and State Policy—Environmental Quality in Virginia."

The three primary purposes of the forum were to permit members of higher education to become acquainted with the people and purposes of the Governor's Council; to expose the Council to the people, potential roles and thinking of higher education; and to provide a valuable input to the recommendations of the study group.

# Quest XX: Project With A Goal

The planned visit of Dr. Margaret Mead to Mary Washington College marks the beginning of an ambitious project initiated by the Alumnae Association in 1965.

Entitled the Quest XX Insured Endowment Plan, the project was launched in an effort to raise revenue—through the sale of life insurance policies—which could be used to establish Mary Washington's first endowed faculty position.

Thus far, some forty-one alumnae and other friends of the College have purchased policies now valued at \$64,000. While this is considered a good beginning, it is not yet sufficient to support an endowed chair without depleting the principal invested; and so last year the Association's Board of Directors voted to initiate the Distinguished Visitor in Residence program as a prelude to the day when a permanently endowed chair will be a reality.

This year the joint alumnae-student-faculty selection committee was fortunate in obtaining Dr. Mead as MWC's first Distinguished Visitor in Residence and she will spend April 29 on the campus meeting informally with members of the College community and delivering a formal address in the evening. In future years it is hoped the program can be expanded to include several visits by a single Distinguished Visitor during any given school year.

The ultimate goal is still, however, to establish a permanently endowed faculty position by means of the Quest XX Insured Endowment Plan. In order to do this it is estimated that \$500,000 in policies are required.

Essentially, the plan works in this

manner: for approximately \$1 to \$3 a month per \$1,000 face amount (depending upon the age of the participant) the individual insures her life with a Quest XX policy, naming the Alumnae Association as beneficiary and owner of the policy. Thus, the cash building in the policy is always available to the Association for use in implementing the program and upon the death of the person insured the face amount of the policy is paid in cash to the Association as a memorial gift. Since

the policies are purchased from the Woman's Life Insurance Company of America, only women or girls can be insured.

There are two basic policies offered: a straight life policy and a 20-year term policy. The premiums for the straight life policy run slightly less than those for the 20-year policy. For example, the annual lifetime premium for a \$1,000 policy for an individual who is 35 years old will be \$22.50; while the premium for the 20-year policy

for the same person would be \$27.37 annually.

By the end of the second year, a policy contains cash values and paid-up insurance values. Therefore, if the owner of the policy (the Association) may surrender the policy for its cash, or elect to take a smaller paid-up policy with no further premiums required. The longer the policy is in force, the larger the cash and paid-up insurance values.

Premium payments may be made on a quarterly or semi-annual basis providing the amount of each payment is at least \$10.00. It is also possible for an individual to increase the face value of a policy at any date, but the premium required would be based on the insured person's age at the time the policy was increased. Another alternative is to insure the life of a younger person, such as a daughter or goddaughter. The premium then is based on the age of the younger person and runs much lower. For example, the annual premium for a child one year old is \$12.39 per \$1,000.

Persons desiring additional information about the Quest Insured Endowment Plan are advised to contact the Mary Washington College Alumnae Association, College Station Box 1315, Fredericksburg, Virginia 22401.

## A Note of Thanks . . .

Thanks to all of you who have been contributing your trading stamps for the work with the blind.

Thus far, four Braille writers have been secured through Top Value yellow stamps, and the first Braille writer to be obtained through S&H green stamps has been ordered. (The Perkins Braille writers can be obtained for 34 books of Top Value stamps or 50 books of S&H stamps.)

Two twenty-lesson classes for persons interested in learning Braille are progressing steadily under the instruction of Mrs. Ira A. Uppidge, former Professor of Chemistry at the College.

One class for women in the community meets each Monday morning on the campus, while the second, which meets every Wednesday, is comprised of Mary Washington students.

It is the hope that Braille writers can be furnished to those who complete the course and receive certification as Brailleists from the Library of Congress' Division of the Blind.

Your continued cooperation in giving trading books and stamps for this worthy cause is very much appreciated. (They may be sent to the Alumnae Association, College Station Box 1315, Fredericksburg, Va.)

An avid stamp, coin and art collector, Scott was named last year Collector of the Year by the Virginia Museum of Fine Arts for his accumulation of Chinese art. A significant portion of his collection was exhibited at Mary Washington in 1968.

In addition to the appointment of Scott, Governor Holton reappointed C. Walter Barrett of Charlottesville and William S. Potter of Wilmington, Delaware, to second four-year terms. Members of the sixteen-member Board of Visitors are appointed for four year terms and may not serve more than two consecutive terms.

## Homecoming Scheduled For April 16, 17

Mary Washington College Homecoming this year will be held Friday, April 16, and Saturday, April 17 on the MWCampus.

Two full days of activities have been planned for the eleven reuniting classes and other returning alumnae. Reunions will be held this year by the classes of '16, '21, '26, '31, '36, '41, '46, '51, '56, '61, and '66.

The event was shifted from June to April in order that those returning might have an opportunity to visit the campus when classes are in session and other campus activities are taking place.

Because classes will be in session, housing on the campus will not be available and individuals returning must make their own hotel or motel reservations.

The two-day event is scheduled to begin with registration at 12:00 noon, Friday, April 16, and conclude with a buffet dinner and entertainment at the Sheraton-Fredericksburg Motor Inn at 7:00 p.m., Saturday, April 17.

Highlights of the program include separate performances by students in drama and in dance, and a synchronized swimming program by the Terrapine Club.

At the annual meeting the fifth recipient of the Distinguished Alumna Award, presented each year by the Association, will be named and honored.

## Association Elections—1971

The Board of Directors of the Alumnae Association determines policy for the Association and is responsible for major decisions in such areas as fund-raising, budget, Homecoming and chapter relations. Although there are several appointed members, the majority of the Board is composed of fifteen members elected by the alumnae on a class and geographical representation basis. (The appointed members, or those who serve by virtue of their position are as follows: The Chancellor; the Assistant Chancellor; a representative from the faculty; a member of the Senior Class; the immediate Past President of the Alumnae Association; the Chancellor's appointee; a representative from the Alumnae Council; and the Director of Alumnae Affairs. These people serve one-year terms on the Board and are eligible for reappointment. They may not serve as officers of the Alumnae Association.) Each elected member serves a three-year term. Officers of the Alumnae Association are chosen annually by the Board from the fifteen regional and class representatives.

In June 1970, at the conclusion of their three-year terms, elected members will retire from the Board. They may not succeed themselves. The retiring members and the groups they represent are as follows:

The Bylaws of the Alumnae Association also provide for a Nomination-Election Committee which prepares slates of nominees for the Board of Directors of the Association and for the Nomination-Election Committee, and which supervises the details of the elections. At its meeting in January 1971, the Board of Directors voted to increase the membership of this committee to six alumnae (from a wide range of classes) in order to insure the consideration of as many people as possible for election positions of leadership in the Association. Thus, in the 1971 election alumnae are being asked to choose four new members of the Nomination-Election Committee—two for a three-year term and two for a two-year term. In this way a normal rotation schedule will be effected by 1973 so that three members (or one-half of the Nomination-Election Committee) will be elected each year for two-year terms.

Brief biographical sketches of the nominees are provided here for the convenience of the alumnae. Ballots for the election were mailed to all alumnae in early March (if an alumnae did not receive her ballot, she should check with her local post office and notify the Alumnae Office). Voting in this election shall be by mail only. All ballots must be postmarked no later than midnight April 15, 1971.

#### Dear Classmates:

The letters are more frequent now and I hope you are enjoying the "news." Christmas is past and we are passing swiftly into the New Year of 1971. I certainly wish health and happiness for each of you throughout this year.

Cards were received at Christmas from Etienneette Broadbent Moore, Edna Gibbs Hunter, Elsie Wood Rice, Margaret Sayre Ransone, Beaulieu Ludlum Masters, Maude Torbert Kelly, Mary Temple Cole, Mary Twineer, Wallace and Lucy Boyle, Louise Healey Jones, The Tyners, and Virginia Saunders '18.

Now for the activities: Edna wrote that Margaret and Janet LaCrosse Rankin came in November and spent the day. They had a great time together. Edna's daughter from South Carolina visited her for Thanksgiving. Edna returned with her and spent Christmas down there. She may still be there now.

Mary Temple enjoyed the Homecoming so much, her first in many years. She is yet thinking of her big celebration of the 50th wedding anniversary. Wonderful! Maunie was expecting all her children home for Christmas. A son lived in Ann Arbor, Michigan and his visit depended on good flying conditions. Let's hope he made it. Both Kelly and Maunie are fine and looking forward to their 54th wedding anniversary next June.

Elsie Wood Rice hears regularly from Sarah Gouldman McAllister, who has been living with her since the death of her husband. The strain of such an experience has not helped Sarah's health.

Beaulieu wrote no news. I hope she is enjoying life and her grandchildren as usual.

Louise Healey has not been able in the later years to attend Homecoming. Tom, her husband, has been in and out of the hospital for the past two years. They enjoy having a daughter and two grandchildren close by. The other grandchildren live in the States. For her senior Mary Baldwin year (I have a niece, Linda Wisely of Staunton, with the same group. Could it be that they were such women?) she was in the Navy and Tom is in a college in Michigan. I am sure Louise is proud of their successes.

Virginia Saunders '18 and Fannie Hiter Bowie paid me a visit in early December while I was at my daughter's in Deswell. It was so good to see them. Fannie looks well and seems happy. I learned that she had written a Christmas play in former years and it was being presented at her church for the second time this season. One never knows all the hidden talents until brought to light.

The Tyners keep well and busy with some social affairs; also visits from relatives and friends were enjoyable. They like to keep in touch with world events, such as the news, parades and football games. Television gives them that pleasure.

A New Year's greeting over the phone from Etienneette. Her Christmas was saddened by the deaths of many cousins and friends. Many of them died in the prime of life. She had heard from Beulah Detwiler Anderson, who had lost an older sister by death. Our sympathy to Beulah and also Etienneette. Etienneette had a nice letter from Calvin Twiddy at Christmas.

Also a letter—came from Wallace Boyle, Lucy at that time had not married, nothing serious. They did not have their daughter home for Christmas but were enjoying cards from friends and other activities.

Margaret Sayre Ransone wrote that she and Janet are planning a trip to Urbana to see Mary Temple Coleman. Margaret has lots of company and errands for Christmas. She really keeps busy.

A recent letter from Virginia Bolen in which she tells of her busy life. At present she is working two hours a week at the hospital as a "pinkie" in the Hospital Supply Shop. She also assists in arrangements for Fire Auxiliary Banquets—two during the month of January. She enjoys meeting the people in different groups.

I hope Virginia Saunders received the Alumnae News last week. She had been one of the "missing persons" I sent her name in to the office. If any of you know the whereabouts of the missing persons, you may help the office locate them.

Don't forget to send your contribution to the Alumnae Fund. We hope our class will increase the percentage from last year.

Since Homecoming will be in April this year and with very different arrangements

from recent years, I hope the class members will begin planning for a get-together. Etienneette thinks she could manage one. If so, I hope I can go along with her also.

As I send this out I have just received the sad news from Etienneette that Mary Temple Coleman Themer was rushed to Johnston-Willis Hospital in Richmond on January 10th. She is very ill at this writing. We hope to hear better news from her soon.

I was interested in a letter from Mary Chambers Hedsett Mizzi, Class '62. She wrote that quite a few from the Class of 1915 were present at Homecoming and amazing! I spy. She did add that she didn't make the cocktail party. I don't believe it was because of lack of energy. They wanted to talk and talk.

A recent letter came from Bertha Scott Ruse '36. She states how enjoyable she finds the 1915 Class column, especially to the girls of the "Old School." She was very glad to hear some news of Waverly Lawson McCaskey '33, who was her first roommate at Frederickburg on the third floor of Frances Willard Hall. Bertha will move in February to 4303 Chamberlayne Avenue, Apt. 12, Richmond, Virginia 23227. Bertha, Waverly's address is Route 1, Box 190, Hillen, Va. 23063. I think she is near Rockville and works with that group of people.

Keep writing so I can keep you in touch with each other.

Love,  
Ruth

Bertha Scott Bass has started the New Year right by sending some news of herself. Her son, who is making a career in the Navy, is stationed at S.S. where she stayed with some of her family, she has been living alone in an apartment across from John Marshall High School. She enjoys watching the activities across the street she keeps busy with church and S.S. and visiting some of the many lovely widows in the neighborhood.

Her son, who is making a career in the Army, is stationed at Oakland, California. She sees Winnie Dee Walker Dietz and Isabel Willis Rowe occasionally, also Mary Deierlein, who lives near by. After March 1st, Bertha's new address will be 4303 Chamberlayne Ave. Apt. 21, Richmond, Va. 23227.

Thanks so much for writing, Bertha, maybe some others will pick up their pens and write.

I am having a marvelous time in Key West, Florida. I flew from Richmond before Christmas to visit my son and his family and am still here. My son who is making the Coast Guard his career is a CPO Sonarman. His wife, also from Cape Charles, two children, a boy 2 and a daughter 1½ plus 3 Siamese cats make up his family. I am enjoying my grandchildren and the delightful climate 1 plan to finish out the winter right here.

**'17** Imogen Ellis Daniel  
Weems 22576

I had a nice Christmas card from Lillie Mielche Behrendt. She is well and enjoying

having her grandchildren near her. She said on a visit to Frederickburg in the summer Roberta Cralle Williams called her up and came to see her. She has an apartment there, but didn't remember it. On my very next trip to Frederickburg I am certainly going to try to locate her. You remember she was among the missing persons of 1917 class.

Amelia Lookford '38 was also listed as "missing." She comes to church in Weems regularly. She was in the hospital in the summer for awhile, and then at the new Nursing Home in Kilmarnock recuperating, before going home. Her address is Kilmarnock, Va. 22082. I am sure she would be glad to hear from any of her classmates.

On my way to Richmond in the fall, I stopped in Warsaw and who should come along but Fannie Margie Wright '18. I hadn't seen her since their 50th Class reunion in '68. I enjoyed seeing her and we had a long chat. She told me that Miss Grace S. Houschen, director of Physical Education 1918, had visited in Warsaw twice recently and everyone enjoyed her very much.

I beg you, please send me news.

**'19** Grace Masoo Snuggs  
3639 Pinebranch Road  
Columbia, S.C. 29206

Thanks to Miss Ann Perinech, Director of Alumnae Affairs, who had some word from me as I wrote her that we had moved from Anderson, S.C. to Columbia, S.C. and she just made note of the move in our class news. We are delighted to be in this capital city and to be near two of our children, our eldest, Harold Jr. and our youngest Margaret Anne, is something very special. Unfortunately, we can't have everything and we can't have John and his family here but Atlanta isn't so far away and we do get there quite often and that part of the Snuggs tribe comes here, so we are just grateful and quite happy and contented that we have made the right move. Columbia is in the way south and since some of you journey down that way, you just stop over and see us?

The year just ended has brought much joy and happiness to our family but also there has been some heartache and grief. I have had I admired and loved very much, have passed away. One was our beloved Miss Frazier who married the president, Dr. Russell, one of the most charming and gifted women; the other my dear friend and critic teacher Miss Ethel Nash '18 ('31), under whom I had the privilege of doing my practice teaching. What a wonderful person she was and her passing in Sep-

tember makes the world a sadder place. Christmas brought some cards and news of some of you and I'm so delighted to pass this news along. Meta Hutchinson Harrison did the best, for she not only sent a card with some notes like where they were going to spend Christmas but that her eldest grandchild was at V.P. and the "blithest" one entering first grade. Later I had another note from Meta which added more news of our classmates. I quote, "Ella Mae Latham and her husband Bill Roane, observed their fifteenth anniversary during the Christmas holidays. Their two daughters, Nancy and Dottie, entertained for them at Dottie's pretty home near me. It was quite a festive occasion with many friends and lovely gifts. And who should get first attention but Ella Mae's mother, herself recently turned ninety-five, and as gay as the youngest one. It was a lovely party with everyone so happy and gay. We enjoyed our family so much at Christmas; the seven grandchildren and we six grown-ups made up a lucky thirteen. Had Christmas cards from Cella Pearson Glasgow, Ruby Beatty Douglas and Gladys Owsandorn Horn. By this time Cella must be in Florida with her son. She was with the good-looking daughter when she mailed the card in Ohio."

I also had cards from Lucille Beudies Brooks '22 who was not in our class but always went with our group and came to our 50th reunion in 1968. She is now a graduate who attended one year, a very lovely person who is nice to hear from her. Also Bett Hallett Goffign '17 from Cape Charles. It was good to hear from you. I hope you had given me more news of what you are doing and about your families.

Let me hear from you gals.

The following information was sent into the Alumnae Office about Eleanor Healy. She is Mrs. Frank O'Neill, Elmhurst, a graduate of Rutgers and Columbia Universities. Having retired from teaching, she is now a librarian in union, New York. Formerly a "missing person" she is now a very active person. P.O. Box 1163, 1568 Hillcrest Terrace, Union, New York 07083. She has one daughter working in New York City.

Still no news other than Dorothy Childs Hoddette's letter. Let's hear from more of you. I see Juliet quite often as we are not more than twenty miles apart. Marie Anderson Fillette lives on Gwyn's Island in Mathews County not too far away and I've seen her twice.

Last June a friend and I called on another M.W.C. alumna and found that Virginia Williams Morris of Hillsboro, Ohio had just left. Sorry to have missed you, "Pep."

Juliet was in Richmond having lunch and saw Lily Mae Brooks.

Ruby Dillery Decker has a cottage "down the creek" (Middlesex) but our paths haven't crossed yet. I see her sister-in-law at Woman's Club each month and her of her. I see that Margaret Sutto and Virginia Stewart are on the missing person's list. Does anyone know anything about them?

This is the year for a class reunion to be held in April. Don't forget. And don't forget to contribute to the Alumnae Class Fund.

Grace Coleman '26 '38 is the "doctor" wife" in our town.

I wish someone would volunteer to be Class Agent for the two next graduates—someone who knows them better than I do.

Mary Louise Durham is in her twenty ninth year with the Richmond, Fredericksburg, and Potomac Railroad. She hopes to retire with 30 years of service. Nancy Jones Horrie had her 25th wedding anniversary last August and not 56th. Sorry about that mistake Nancy! That was a very pretty picture you sent of self and husband John, cutting that nice cake. I am also

Christmas cards from Louise Gordon Gorman, Linda Brink, and the late Ed Wedward; Elaine Jones Rouse, who is enjoying retirement and four grandchildren; Ethel Turner Harner, who says she has been married for 44 years; this is her 20th year working in the Production Dept. of the Newport News Shipbuilding and Dry Dock Co. Her husband, Basil, retired from the same company two years ago. They have no children but many nieces and nephews. She hopes to make homecoming one of these days. Let's all meet her here.

Mary Virginia Sale Strubhaus had a letter from her MWC roommate Alice Mae Brown Walde from whom I also had a newsey note. She was a budget analyst for NAD, St. Julien, Creek, Portsmouth for 18 years but this class was consolidated in January 1970 with the Naval Weapons Station, Yorktown. This June she was transferred to NWS. This meant renting their home in Chesapeake and leasing an apartment about 20 min. from her work. Husband Dick retired from Sears Roebuck and Co. in July 1967. He started his business for himself after retirement but closed it in September. Alice has 4 more years. Their daughters Barbara and husband Frank, both graduates of Wake Forest, were married in 1965 and have 2 girls Laura and Allison, ages 9 and 5. Alice's son R. C. Jr. and his wife Judy, married in 1965 (both graduates from the University of Illinois at Carbondale-Newcomb in Jefferson City, Tenn.) have no children but hoping. He is pastor at the Mount Ed. Baptist Church in Batesville, Mo. for almost 3 years while working in Southern Baptist Seminary from which he received Master of Divinity degree in May. They have been at Union Cross Baptist Church, Kernersville, N.C. where they also teach since March 1970. Alice expected all her family to gather at Barbara's home in January for Christmas. Barbara is kindergarten director and Frank is unit manager with Procter and Gamble.

Lucille Hawkins Ferrell and husband are spending some time on home farm near Fredericksburg with her mother. They have had several short trips in the States and hope to go to Florida in March for several weeks. They stay busy with church, civic activities and women's club.

Julia Lee Boston Bartha expects her 2nd grandchild at end of February. They love grandson Jay but are hoping for a girl this time. Mary Lee and Mary Ann Nix (37), have had and Jay were born for Thanksgiving but Julia and Elaine planned to visit them in Richmond at Christmas. Mary Pfeifferberger Hartman said their Molly finished law school in June and married in November. She and husband are now attorneys in Philadelphia. Daughter Elaine is still plugging along in school. "Mina" is still working and hopes to get back to a reunion soon. Why not let this one slip?

Evelyn Rogers Smith (Maurice Harold Bell) lives at 516 sixth grade teachers in a school in Chesterfield Co. less than a mile from the city limits of Richmond. Her husband is headmaster of Huguenot Academy, Powhatan. They have 2 sons, married with 7 year old son, practices law in Richmond. Daughter, married with infant daughter, lives in Virginia. Daughter, married with 1 year old son in July. Alice's husband retired in January 1970 and she expects to retire in 1971.

Thanks girls for the cards. How about the rest of you writing?

### THIRTY FIVE YEARS!

That's how long it will be in June since we graduated from the State Teachers College in Fredericksburg. Quite a lot has happened since then!

Let's make that our best reunion ever! Hester Harris Latsan has written a letter about her life since she left the reunion. We need YOU to make it a success, so plan to come to stay at a motel in Fredericksburg, with meals served at the college. At 2:00 p.m. on the 29th and those we'll be by the time another reunion comes five years from now!

The class extends its sympathy to Dr. Moore on the death of his wife.  
Bob Dills, the son of Phyllis Corvin Neel, had an exhibition of paintings, collages and assemblages at the Fredericksburg Art Gallery on January 10-February 4.

Adelle Mansfield Goodwin may be visiting her daughter, who is in Germany at the moment, and may not be back in time

far the reunion. We'll miss you, Adelle, if you aren't with us. Let's hope you're exciting, and I hope you have a wonderful time.

Dorothy McGuire Bunch's son, Bill, attends Lynchburg College. He made the cross country team. Her daughter, Susie, is a high school student and a basketball cheerleader.

John and Shirley Siskels, Coral Gables, Florida, wrote that her daughter and son-in-law have bought a dancin' little house overlooking a lagoon not far from Edna and Jack's. It was at the time of our twentieth reunion that I secured Edna's address, and we have kept in touch ever since.

Andrew Rose Burton, Stuart, Florida, wrote that she and her husband had a three week drive to California and a trip to Virginia and New Jersey to see her family. Andrew is very active in church work, teaching a Bible Class and leading a dedicated group to the care of the elderly and shut-in. She and her husband take active parts in the power squadron, and she will be president of the auxiliary in March. They take a class in advanced piloting (boats).

Hope you can get out your yearbooks and look back on the scenes of 1932-1937. If you know the address of any of the "Missing Persons" from our class, please send it to the Reunion!

Love,  
Ethel

Our classmates will be saddened to hear of the passing of Catherine Dryden Adams, age 62, of Washington, D.C. Because of her outstanding achievements in the field of government, she was the recipient of the Distinguished Alumnae Award in 1965. She was a member of the Pilgrimage Group for sending me the newspaper account. Our sincere sympathy to her husband and son who survive.

I had very little response to the class news in the recent issue of ALUMNAE NEWS. I know you stay too busy to write to me. I hope you will send me the latest card you see and send me the latest about yourself, family and others you may have heard from at Christmas.

It is quite interesting to note that a chapter of Phi Beta Kappa has recently been instituted at MWC. Name to membership in the first election is Pauline Greek Kinn, professor and chairman of the Department of Art at MWC.

It is not too soon to be thinking of our class reunion in 1972. Be considering what you would like to do on the occasion in the way of social activities. Let me know. If you live a great distance from Fredericksburg, start making plans now. Write me when you see what you get! YOU send news!

Christmas brought glad tidings from Mary T. Ketterbeck Gademann of Farmington. She had been to England, and enjoyed it thoroughly. Virginia Jones Sperry of '38 also wrote that she had traveled the East and returned and was impressed. Jane is still in San Diego, and still, as far as I know, a widow. Not so Julia Hartley. She is now Julia Wiving, having married a kindred one. Her first husband was killed in W.W. II, her second husband died, and Julia is in her 30th year of teaching first grade. She has a lovely little puppy, and a young boy. If you are in around Potomac, Henry Drive in Louisiana, let her know. She has two daughters.

News from Mitchell Perrett Lyman indicates that he has had a very busy share of traveling with her oceanographer husband, who, after retiring from Civil Service is now teaching at U. of N.C., Chapel Hill. He has two sons, one in the Navy and the other still in school. Her very interesting Christmas letters are lithographed and are a pictorial summary. (Address is 404 Clayton Road, Chapel Hill.)

Margaret Ashby Williams '39 is back in Lexington where husband is teaching at W&L after years' sabbatical at Dartmouth.

Helen Hays Saunders and her son, in California. Son Skip is in the Navy and daughter Joan is at Oregon State after attending Madison for two years. Capt. Tom has retired and is now a "Seap" on the U.S. franchise with Helen doing the bookwork. Her

address is 3212 Trotter Way, Walnut Creek, Cal. 94591.

No spectacular news of the Varsity's. We are going to be the proud parents of three college students next year. The twins will be freshmen at a more southern school. Sally is at Washington.

Notes with Christmas cards added much to my Christmas. Nancy Herr Fellen '40 said, "I have finished my course work and comprehensions but the dissertation looms big and overwhelming." Congratulations, we are all so proud of your accomplishments.

Doris Stelf Pruden wrote, "Brooklyn was able to help with the job butchering for the first time in many years. We have so much to be thankful for this Christmas."

We are sorry Mary Helsabek Townsend is sick and I pray for her speedy recovery. She and John had a nice trip to Las Vegas in November to a convention.

Thanks to Margaret Timberlake Yabs for finding our missing Nurse Amelia Colburn who is Mrs. Oren Collier, Powhatan C. H. She is a Vocational Occupational Coordinator at Middleburg High School, Chesterfield Virginia. She has a married son attending Virginia Commonwealth University and one other son who is a freshman at Virginia Polytechnic Institute. Husband Orin is manager of Old Dominion Division Richmond Office, Dairmen Inc.

We hear Marlene Timberlake Yabs is planning to run for the State delegates in June. Her husband Robert is in real estate business in Richmond. Daughter Kathryn is a senior at East Carolina University, and son Bobby is a junior at Virginia Tech.

The Massies spent Christmas day with sister Vicki '40 and family. There was a Massie family reunion and Harris family reunion during the Christmas season.

This job is great when your husband goes to the right place. I had an opportunity to go to Atlanta with Jim and had a wonderful phone conversation with Didi Lansey Corbett, 401 Hammond Dr. N.E. She and her husband (with N.Y. Life) moved from Norfolk in 1957 and have 2 daughters: one is married and has a son, the other is married and has a son.

Other is manager of The Williamsburg Shop in Atlanta (2nd comes to Williamsburg often to buy). Didi has been a loyal supporter of the MWC since 1957. She is a member of the Chapter. And as if that wasn't enough, she had Jerry Shephard Copeland's address—180 Waverston St. Boca Raton, Fla. Jerry's husband left William and Mary to go to Atlantic University.

Congratulations to Nancy Janice Russo for being elected Secretary of the Westchester-Fairfield Chapter! Nancy writes from the class of '43 is around here; there are a few from the '30's and '40's but they never seem to be able to get out to our yearly thing. Nancy is married to a doctor, Nance, but I hope this will encourage all of us to affiliate with a chapter nearby if there is one. They NEED YOU! The girls who are affiliates are: Mary Ann, Mary Ann, Mary Ann.

The Christmas cards brought news of Sussane Decker and Si Sugg, who spent their first Christmas in years at home. She keeps up on the house and yard and is a member of the DAR, the Gourmet Group of the Wives Club and the Brotherhood of Great Cities. In March she and her husband, Dr. Sussane, and in April attended her 31st reunion at her new High School Class. (On returning, she remarked how young everyone looked. On December 1st was promoted to the rank of Associate Professor (East Carolina Univ.) a most welcome event."

Peg Moran Logan's fascinating Christmas letters carried the family picture of all 10 Logans. They are a handsome bunch—boys ages 9-18 and 2 daughters ages 6 and 20—and really Peg looks just the same! I cannot and do not attempt to not attempt to not attempt to see her in their letter. Last summer the family started a trip to Oregon accompanied by 18 yr. old Allen on his earned, used Honda. At the first stop "we settled in and as usual we looked like a cross between a hippie community and a tent revival meeting." Peg's doctor encourages her to go to bed and sleep. She feels like a cross between a hippie and a tent revival meeting. "Her family turns out to be the same! Sacramento (Rollins' town), Rome (on the Pacific), back via Samuel Taylor Redwood Park and San Francisco, where after dinner the family roared down the right side of the road into camp, light blazing into the night. Cutting his hair, he raised two fingers in the peace sign and belted into the serene and quiet night, PEACE. Mom (Peg) slept alone."

There was also a jolly season card from Penny Ringer Grinstead.

I hope you noticed the Missing Persons in the last Alumnae News. Again I have some addresses, but many I do not have. PLEASE HELP! I feel sure someone knows about them and can help.

Now for one more happy ending—I discovered that one of my daughter's teachers was from Madison College and Heathsville. So I asked her to have her address sent to me. Connie Pease '44 for me. Here is her address—Mrs. Raymond Haynes, 2230 Gazette Avenue, Campbell, Cal. 95008

And now until next time—

Did you receive our New Years greeting reminding you of our 25th reunion? We will notice Homecoming is April 16-18 rather than during Commencement, so it will be "our" day! Perhaps you could ask your parents or the graduating class, but I'm sure we would have made ourselves look as young as possible!

Please let me know new address or the Alumnae Office know if you will be present and would attend our class supper, Saturday, April 17, so we can make reservations if your husband can attend, include this information.

The following list of activities for Saturday will be planned, though we do not know the exact time they will be scheduled. If you would like to suggest something else, please notify us.

Those of you who read the Alumnae News would read that Dr. Dodd died June 10, 1969. He was ill for about six weeks.

Ann Percelle, Director of Alumnae Affairs, suggested that someone should be solicited to become our next class agent. It has been recommended that class agents serve for five years so Carolyn Ruth Huchner's time will have terminated during our 25th reunion. Thank you all for your co-operation during this time. I have enjoyed and appreciated your suggestions. I hope my new class agent will be more conscientious and always have something to print in the Alumnae News. It will be up to each of us to keep her informed.

Thank you again, and hope to see you all very soon. April 17th is—

We had a card from Betty Russell Brown's husband and children.

I feel sort of guilty spreading my reunion news over so many issues, but I received 100 answers to my letter about my boys from more of you at Christmas. Feel that I can't take up too much column space. Hope I'll soon be hearing from others of you who have not yet written to me.

I've had much correspondence from Carmelo Zeppenfeldt Catoni. She could not be with us in June as she and daughter

were planning a three week tour with a week at Expo '70 in Japan, visiting Tehran, Bangkok, Hong Kong and New Delhi. Carmelo has had a heart attack and is in bed in Spain. He is in Barcelona—Kare Olsen de Figueres '31 and Pat Hyams West '31 and she always writes. When she was in the hospital, she wrote that she was glad to hear of Rivera who has been Mrs. Cristoforo Picardi for several years. Do you have her address, Carmelo? On her Christmas card she wrote that she and her oldest daughter had their first year at the Univ. of Barcelona majoring in physics.

Billie Mitchell Hanes, Mary Jane McIntosh Young, and Jeanne Balliva Lewis all drove to the reunion together Sat. a.m. of reunion. Billie is living in Bethesda, Md. Husband, Dick, is in the real estate—contracting business and has a son and two daughters. Mary Jane's daughter, Leslie, has just started college. They have recently purchased a piece of country ground, bordering the Potomac, to redo their escape from the city hassle and bustle.

Mary Jane has five children ranging from 16 to 22. She is an executive with the U.S. Dept. of Transportation are living in McLean, Va. Nancy, their oldest daughter, is majoring in psychology at the U.S. Navy. She is mentioned special part of Aug. '69 with Clea Beushe Bulard at their class in Fla. How about hearing from you, Clea?

Eleanor, in Chevy Chase, D.C., Christmas note with the news that son John (15) was about to receive his Eagle Scout pin, an honor representing much hard work. Older son, Bob, is college in Virginia. He has many of you know. He is thinking of trying for a scholarship because of his high class standing.

A card from Kay Keovese shows that she is teaching in Williamsburg, Va. Del. Peggy Fox Vaden wrote a very informative letter about her family. They have been in Columbus, Ga. for about four years; Bill is plant manager of a chemical company. Peggy had been teaching but was planning to "retire" and do some golfing and relaxing. Son, Carr, is attending Georgia Tech hoping to be a mechanical engineer. Their daughter, Peggie, is a typical high school teenager. Their home is located near a river so they have a boat and do some water skiing.

A move from Va. to N.Y. to New London, Conn. was anticipated by "Sue" Smith Graham. Son Brad was to become the Executive Officer of the Submarine School. Her oldest daughter, Caroline took a course in Europe this summer. "Sue" and her other two daughters were planning a "gypsy" trip around the country while Brad was to find quaternary rocks. Drop me a line, "Sue".

Joe Mooney Mercer is a director-teacher in a Methodist Day School. She and husband Harold are living in Woodbridge, Va. with their son, Scott. 19 is a daughter of Brenda. 16 Scott is now a freshman at V.P.I. School of Architecture. Jane mentioned that her Head Start program now has nursery and K-1 and is a class program.

Heard that Jane Dreikus is now Mrs. Jarrett Martin and is living in Medina, Pa.

Ginny Feltz Borden attended the Alumnae Council meeting in Washington in New York as our class representative. She reported the meetings very enlightening. Ginny lives right in F.Burg and is a school librarian. She received a card from Ed and Mary. Her husband is a school principal and they have two boys—Jamie, 11 and Cary, 9.

Staying with Ginny during reunion week was Margaret Ann MacLean of Alexandria. She and her husband, an Episcopal minister have four children aging from 18 to 3. Elizabeth, their oldest was to enter M.W.C. this fall.

Ray Capella Spinks attended Homecoming and strangely enough she is doing little or nothing about the reunion. She has a son, is an RN having a B.S. in nursing. She is living in Silver Spring, Md. with her husband, Bob and two daughters. She is an instructor in the Washington, D.C. area, Union College and is active in childbirth education.

Still in Knips Mt., N.C., Seanna Sommers Mauer wrote that she was unable to attend the 25th reunion. She has two boys and a girl. Her husband has an insurance and real estate agency.

Nancy Parks Richardson is living in Leetown and teaches Sr. English at Robt. E. Lee H.S. She and John have a 10 year old daughter.

It was good to see Ellen Aronold McCracken who had been on our list last for a while. She is living in Va. Beach, is a teacher and has six children—two boys and four girls. She is going to be a nurse and will be back again. She and Nellie Griener Swanson got together at reunion and stayed part of the time with their freshie old-campus family. Margie

is living in West Chester, Pa. her tenth move and a girl, who has lived in four boys since graduation. She has a husband and five children. They all took a cross-country camping trip visiting friends in Denver and N.J.

Neil has traveled a great deal to all parts of the world with her Navy husband. Right before reunion he was in Wing Commander aboard the U.S.S. Forrestal, but was scheduled to go to the Philippines in the U.S.S. in Oron Hill, Md. They have three children.

I'm afraid I have to end this column and send you all my regards from the alumnae office of the deaths of two of our classmates in 1970—Elizabeth Ellis Tracy and Ruth Jerrell Cannon. Our sympathy goes to their families. I hope to hear more news coming and I apologize for the lateness of some of the information. Do keep writing, though, because eventually I'll run out of material.

Perhaps '71 will be a great year, newswise as they are, we are again, in two consecutive issues! With the most welcome arrival of letters from some of you, I feel truly encouraged. Please—don't let me hear from you in Virginia—write Phyllis Rick in Ross, California. Reports she doesn't miss college teaching at all following her "retirement" last year. Three of their children are now in school, leaving two remaining at home. John reports the sad news of Frances Bold's father's death, necessitating her leaving her library job in Mass. to return to live with her mother in Falls Church.

Margie Gibson Bixall writes from Princeton, N.J., that their four children are now in high school, and are all in college. Margaret, her husband Sid was on his way to Japan. He is a partner in an investment company in New York City and travels too much for Margie to join him in Japan in the spring of '70. She stopped doing social work in '68 at the birth of their first child. Margie adds "I miss my children that I don't see them. My children are minimal when they're adolescents because I hate shoes, care about disadvantaged groups and will only get vehement about them."

Corrie Gibson Friesen has moved as I mentioned in the last Alumnae News—all the way to Littleton, Colo. (a suburb of Denver). Corrie and her husband are now with their first new house. Their children range in age from 14 to 7 (2 boys; 2 girls). Ernie has started the Institute of Court Management and is training court administrators for state and federal courts—"trying to introduce modern management techniques into our antiquated, overburdened court systems." Corrie is now a homemaker and is very busy in the front. She has worked in tutorial programs and Head Start programs, but she says she's been slow to do Denver problems. She hopes to work with the local probation system too soon however.

Has anyone heard from Pat Riley Harris? Her letter I sent to Madison, Wis. was received. I hope to hear from her. Kilgour's reaction is also known to us.

The longest letter was from Nancy Waeger Feeche. She and Charles are living in the Washington, D.C. area with a son, their daughters 16 and 13, plus a "high strung mutt and a placid, but somewhat large St. Bernard, and the usual assortment of plants and flowers with a whole lot more for pets." Until three years ago Nancy and Charles worked in various psychology departments of area clinics and hospitals and then decided to take a sabbatical and go into their own private clinical psychology practice. What began as a home office has now successfully grown into "Personal and Family Therapy Associates, Inc." in Richmond, a social worker, remedial education teacher, and a secretary. In addition to diagnostic work and therapy they are now mobilizing resources to take stress and consultation school systems for testing and counseling.

Nancy, in her delightful letter mentioned Nancy Gers who reports that her husband has many operations over the past twelve years, is finally well. She is living in St. Louis, Mo. Mildred ("Mimi") Evans Lusk, a doctor, is doing a kidney transplant research in Erie, Pa. They have 3 children and do lots of skiing and sailing. Nancy, too, wonders what happened to the money tree branch that was cut at M.W.C.? Apparently my last contact with "H.B." was about the same time as Nancy's. A couple of years were cut off the mid-50's, at which time she was doing

She also went to England and Russia on her vacation last Sept. Nita sent news of Kay Rogers Sheppard, who now lives in Chevy Chase, Md. and teaches dance in a college in the area Kay has her master's in dance.

Page Perkins Newman went from Park Union where she and daughter Page live. Page Sr. teaches first grade and loves country living.

Susan Turner Weaver and Scott in Newport Beach, Calif. are constantly busy teaching the girls in the swim team at the school where she teaches. This is the first year for such a team, and Suzie reports the girls are doing great. Susan and her husband have started a gourmet Super Club with several other couples who meet once a month to share new and exciting foods.

Waldie Sayers greetings from Salem where she teaches school. She went to Europe last summer for a fantastic vacation and is considering graduate school for next year. She has no definite plans yet. A card from Margaret Ross told me she is living in Washington, D.C. again, but where are you working, Mase?

Linda Jones Peterson wrote that Fred is teaching this year at Princeton and is working on his dissertation for his Ph.D. They plan to stay in Princeton until June, and after that they will be in New York. They are expecting their first baby in February, and he or she will surely have arrived by the time you're reading this. The Petersons are interested in Barry and Linda Reading Pullen and Roger and Janet Beget Freisenbrun for dinner recently. The Freisenbrunhs live in Detroit, Mich. and have a graduate school and Janet teaches in a ghetto area which says is a real challenge. The Pullens also ran into Fran Threshere Beaumont and her husband, and they are teaching at the Beaumonts' home in Norristown, Pa. and have a son about two years old.

July Fager Bradley sent a new letter, Carolyn Hawley Gaudin wrote that Judy telling her of the expected arrival of their first child in March. Carolyn and husband live in Manhattan in a "dream" apartment which has a loft for her to use. Judy talks with Maria Maricle during the holidays. Maria has taught school in Bakersfield, Calif. for seven years and will be eligible for a rabbinical exam next year. Gary Alexander was a New Year's Eve visitor in the Bradley home, and Judy says Gary leads an exciting life. She works as an advertising consultant for a studio, and she has her own hair stylist. She spends her spare time skiing in Vermont. Judy also met Beverly Bird Miller '83 in a supermarket. Beverly's husband has a little girl and have lived in MD '84.

More from Judy Lettie Passio Salloway, who attended MWC until 1958. She and her husband transferred to Boston U., and her husband Chip lives in Wilton, Conn. Chip works for Pepsi International, and they will be living abroad soon. They have two boys, Devin and David, and a daughter, Julie herself, she, Chris, and two children Sarah and Garrett have moved to Owings Mills, Md. 17 miles northwest of Baltimore. Brenda continues to work in the Justice Dept. and Judy taught a volunteer course at Catholic Univ. last semester. Chris plans to enter law school this summer.

In Judy's letter, she mentioned Sandra Mandersoo who attended MWC about Jan 1962, and by coincidence a letter arrived from Sandra this week. Sandra wrote that she attended Brenau College in Georgia after leaving MWC and graduated with a degree in English. Then she went to business school in Atlanta and received a six-month course, began working for Price Waterhouse and Co., an accounting firm. She held this job for nearly five years, and then decided to move to Calif. to live with her sister in Berkeley. She is working for the U. of Calif. at Berkeley "with a group writing chemical technology books and preparing slides, etc. for a new chemistry text book program in chemical technology." Sandra's particular job is administrative secretary but she does "galia" a lot of editing so it's not hum drum at all. In her spare time Sandra makes all her own clothes, makes clothes to sell and studies acting. Sandra included news of Jessie Weisger Dyes, Jessie married a graduate student at U. Va., Joseph Dyes. When Sandra saw them several years ago, he was a senior in business school and she was in northern Florida. How about some current news from you, Jessie?

My exciting news is that Ben and I are expecting our first child in April. Charlotte will be 20 months old then, so our household should be fun but hectic for awhile.

Recently I saw Peggy O'Brien Deihl. She and her husband live in Redville, not

far from us, where he is in the menhaden fishing industry. He has a daughter, born in 1960, and a son, Peggy teaches school in the elementary grades.

For the next issue of the News, I hope to have heard from some of you long-lost classmates so sit down and write while you're in the mood.

Carol Smith

I finally heard from Judy Strawbridge Dickinson. She and Fred have moved to Los Angeles and are working for a furniture company. They're expecting their first in June, needless to say, Judy is thrilled! They recently boarded near the airport where which Judy plans to redecorate when she stops teaching in March.

My girl—Alice Catherine—born 27 October, 1967 (on my Lisa's birthday). She is a beautiful baby with lots of very curly black hair. Her mother is really moved to Waterford to an 18th century home.

I recently talked to Janet Harman Milbury who attended MWC for 2 years and year. She, husband Ed, and 2 year old Brian live in Vienna.

Have really enjoyed hearing from people. I have never heard heard from in almost six years (we're getting old!).

Fine, Wright Kirby, who went to U. Va., was in the MWC yearbook in Pembroke Pines, Fla. where she and husband Karly have lived for almost a year. They have a daughter, Kristina, born 1970. Karly is working in a manufacturing engineer with Milgo Electronics.

Deva's letter was filled with news. Devan Oldfield is living in Alexandria, working on her doctorate in Biochemistry at Georgetown Univ.

year of medical school in Chicago. Ill. Lynn Riley Cole and husband John are living in Ponca City, Okla., and are expecting their third child in February.

We are finishing up the last of Dick's classes. Boy, is it a time of semesters, a trying time, even worse than exam week at MWC!

Keep in touch, Lee

Hello to everybody I haven't seen in five years. Please drop me a line, when you can. I hope to see you know. Most of the following has been planned through several telephone calls to alumnae in the Richmond area. I received a lovely letter from you last time in three years to Dr. Klein's funeral. It was good to see so many classmates and friends. I hope to see you in the near future. Brenda and Terry Nunn and her husband Spike and two year old Dash live in Gathersburg, Md. Spike is a pilot and Dash is 2 1/2 years old. They are planning to move and far away trip every six months.

The class sends its condolences to Sandra Byrd. Sandra's father died this winter. The greatest news I got was from Bobbie Rumbler. Bobbie is married May 1 to Tom Polkman. Tom, who she met at the Washington Post, seems to have been everywhere and done everything. This past summer, he and Bobbie convinced George and I to go to the river in interurbans with them! Bobbie has been working for the last year in the personnel department of MCV. Richmond. George and Hamlet Adams was married last January. She and her husband Steve, who works for the U.S. Postal Service, live in the Goddard. Mary Joanne Kack Young and her husband Charles live in Brooklyn, N.Y. Joanne had a little girl, Sarah Virginia, in November.

My dear old friend, Grace, who lives in O.H. live in Richmond, O. H. is a banker and continues to be an avid golfer and tennis player. She has a son, Paul, who is now 18 months old. I called Payne to get some news. I found out she was in the hospital. She and Bobby have two girls, 2 1/2 and five months. Bobby is a waiter in the hospital with a collapsed lung and has been there five weeks. I hope everything is fine by the time you get this.

Beecky Sell Shepherd is busy with five month old Jennifer, who, according to Beecky, is a Charlotteville for five years during medical school and internship. Jeanette Baker Pollard '64 and her lawyer husband Henry live in Richmond with three girls, five, Catherine, and two boys, James and Ted. Teacher of the Year, Martha and Tom, who are both in the U. Va. law school, live in Leesburg at U. Va., have been building their home!

As for me, George and I moved to Richmond in June '69 after three years of graduate school at U. Va., where we both got our master's degrees. George is an engineer at U. Va. (and in the past, he was at the U. Va. Sale Alligood's husband Fred and is working on his dissertation to finish his doctorate by June, 1972, and he is now in the U. Va. in everything. This time last year I was in the hospital for a month for a tumor in my esophagus, but am now fine, and busy teaching at the U. Va. and working for Commonwealth University. Many of my students are older than I am, but teaching college is really fun. I discipline problems or patrolling the cafeteria!

The next deadline for class notes is May 1, so please, please find the time to drop me a card.

Will winter ever be over! In spite of the cold weather, I have received many nice letters from some of our classmates and hope their news will warm up your hearts. I have a new baby, a blackberry, who enjoys home life with her two children, ages 5 and 2, has become an active member of the Richmond Chapter of MWC, and has discovered the fun of reuniting old friendships and making new ones. Husband Lynn is in his last year of pediatric residency at the Medical College of Virginia. My husband and husband Gerhard are busy involved in "despising" their young son who was born last September.

Sherridan Valley near Harrisonburg and Rosemary says they would just love some visitors. She passed on some news. Pamela Klein Rowe, Robert and son Michael, 1 1/2, and two children, Jamie and Katie, live in Puerto Rico. Judith Rodericks Russ, Charlie and twins are at the Pentagon, where Charlie is in the U.S. Corps. Carol Howard lives in Atlanta, Ga. where she has her own business library and Dorothy Lundenberger Smith and husband are in New York City.

Kathy Burke House and husband Bill are both in graduate school at the University of Virginia. Kathy is going for her masters at the University of Virginia. Bill is busy with his two young girls, Kobey and Susan.

Margaret Coburn John '66 is teaching third grade in Frederick, Maryland. Sandra Byrd and her husband, George, are in the D.C. busily taking care of her two children, Barbara Hagemann Hester, Meg and I had a reunion over lunch one Saturday and thoroughly enjoyed it.

Irene Freche Burroughs writes that she is enjoying her role as a pre-kindergarten teacher in Poughkeepsie, N.Y. Kathryn Bader and her husband, Tom, who works for NASA, have gone on long cruises with U. Va. Ann Fessler is still an airline stewardess trying all around the world. What a life! My dear friend, Grace, who lives in Richmond, has three children, Gracie, Reid and Ann, and living in their home town of Martinsburg, W. Va. I hope I'll be hearing from more of you in the future. I hope you are all well. Please call me. I'd love to hear from you.

Harriet McDowell Vincent sent me a letter that after leaving MWC she taught biology in Virginia Beach and then for 2 years in Japan. St. Michael's International School in the U.S. in Kobe, after returning to the U.S. she married to Tom, and they now have a son Russ who is about to have his first birthday.

Once again I find the news deadline almost impossible to hit down to the minute. This Florida life keeps us so busy I just don't know where the time goes!

Most of the items arrived with Christmas cards and some with money and adorable photos too, including one of Brenda Lay Crowley's son Sean at almost one year. Pam Kearney Berg's five month old Kim, and Judy Blum Wasserman's two daughters, Leslie and Gayle.

Carely's Richmond South filled her card with news. She and Bob and two year old Robin are stationed in Md., where Bob is a Navy fighter pilot. We received some adorable photos and a part-time teacher of adult education Carolyn said that Lynn Freiburger Drummond '67, her husband, and daughter Dee live here in Cary, N.C. together. Carolyn hears from several of our classmates. Joan Piantola Ellis wrote her from Calif. that she and husband Mike and son Scott were expecting a baby boy in November. She is in Jan. Their new address is 4219 Powderhorn Dr., Imperial Beach, Calif. See Waverly Sprouse and husband Larry live in Lynchburg. According to Carolyn, Sprouse is busy with her job in computers and helping Larry through exams, as he is back in school.

More news from Carolyn, she says "Can you believe I've carried my 'what I ate' what I saw Outlaw Armstrong has, since No. 3, Daniel Stephen, arrived in Det. Husband Steve is a Marine Major and is in Okinawa, "so I have her hands full," concludes Carolyn. Thanks for helping Carolyn.

Bobbi Bishop Mann wrote that "We love civilian life even tho' we still have no dining room." She is teaching 8th grade in Lynchburg, and loves her class. Bobbi and Bob were looking forward to the holidays and a family reunion in Houston, Tex. with their family whom they hadn't seen in two years.

Nancy Alfred Hernandez, Dan, and son Andrew are now settled in a farmhouse in Owings Mills, Md. Nancy is a nurse and says that work is working. Nancy was able to have a chat with Dee Dee Nottingham Ward '67 before the Dawes left for Germany in late Dec. (Dee Dee is now a college of three lines, Barbara).

Barbara Merré '67 spent a weekend in D.C. in Nov., on her way to or from some exotic place. I was surprised my parents with a phone call while there. Barbara was off again for such places as Kenya, Uganda, South Africa and Saudi. Why don't you plan a stop in Jacksonville of these lines, Barbara?

Darrel Webster Fulk's '69 and family are stationed in Oceanside, Calif., where Jim is in charge of field training for all doctors, dentists, optometrists and chaplains on the way to Vietnam. Daughter Kim is doing great work. Darrel. She had learned to swim underwater to her first birthday. Baby number two for her. Fulk is due in April.

We received a nice note from Elaine Gerlach Goo. She must be the record holder for our class as far as babies go. Her fourth is due. I wish they all had babies. Elaine says, daughter Courtney is nearly six and is in kindergarten. The boys are two and three and are "good company for each other." Elaine is now enjoying Charlottesville and Roo's coaching job.

Ryan Stewart Davis wrote that "The Davises are making their initial contribution to the population of the '80s." Ryan has just started teaching but plans to stop after Feb. to stay at home (in Estoville, Wash.) and await the blessed event. (Maybe you will have your own production of "Ryan's Daughter"?)

The appropriate song in our family is "Watching Seattle Grow." He is such a joy (and so full of mischief). He enjoys Florida living almost as much as his mom and dad do. (Finians in the middle of Jan. have just got to be the greatest!) I wish all Christians in our new home could have been better. Three sets of houseguests were here for the holidays, including my parents who were on a month's vacation. But we love to have more visitors any time, especially MWCTs. Just let us know when.

At any rate, let's hear from "y'all" soon! Don't forget our April Reunion!

This alumnae news is certainly a pleasure to compile due to interesting Christmas cards and very, very letter from Doris Brown Falls, Joan Hughes Furlong, and Mary Mae Blanchard Harris. I really appreciate these letters to the class through me, and I'm sure everyone else appreciates your contribution also.

Doris completed her studies at George Mason and then worked for the Reuben H. Donnell, Inc. in Washington, D.C. as an artist for the yellow pages. In April 1969, she was married to Buckley Falls. After a wedding trip to New Orleans, they settled in Collegeville, Pa. After a year, she is Assistant Treasurer of Piedmont Trust Bank.

Doris wrote, "On my honeymoon in New Orleans we saw Darlene Medley. She finished her studies at MCV and worked there for a year. She was employed as a medical technician in New Orleans. Also on our honeymoon, we saw Eve "Duck" Ellis Adams in Memphis, Tenn. After their junior year at Mary Washington, Eve married Mary Adams. They now have three lovely daughters, and Mary is employed with Kodak in Rochester, N.Y.

Joanne received a Christmas card from Mary Gordon. Her husband, Jim, is out of the Marines and selling real estate in Columbia, S.C. They are expecting their first child this spring.

Joan Saxo also sent a Christmas card to Becky and me. She is in Dallas, Texas and plans to go to school to work for her teaching license. Joan has a postcard from Mary Washington, the following information: Leslie LaSauce Kennedy is expecting her first child and is living in Hawaii. Minnie Hale is living in Philadelphia with Diane Mullis LaBrosse. Peenington Leach is living in New Jersey and expecting soon.

Lacy Dahl Jones Swartz and Garland are in Richmond where she is employed with Addressograph Multigraph Corp. After three years of teaching, Lacy Dahl is now "blissfully unemployed."

Grace Wedd received her degree from ODC in Norfolk and is now married and living in Charlottesville. Many thanks, Doris, for all the news concerning so many '67 friends.

Joan Healy wrote that she had news from the Boston area. She wrote, "Everytime I receive the Alumnae News I feel guilty for not contributing. So, I've decided to do something about it, although most of the news is second hand."

Susie Cheryl Dillen is expecting her first baby on St. Patrick's Day. Let's send Ted John plus her husband Lewis are expecting their second either the month before or after Susie. They are living in Williamsburg where Lewis is attending Law School.

Grace Wedd Shultz and Porter have been transferred from Jacksonville, Fla. to Key West. Unfortunately, Porter spends most of his time on his ship at sea. Susan is now teaching elementary school.

Eleanor Frith Peters, Mike and Michael, age 2, are stationed at Fort Lewis, Wash.

Joan Healy wrote that she is recovering from the wounds he received in Vietnam last July, and they are living at Camp Lejeune where she's a priest at the Naval Hospital.

Was I ever shocked to hear a southern voice

last summer when I answered the phone! It was Susie Barker Shwartz '68 who is the president of the MWC. After the Chapter Business I attended their tea for incoming freshmen and was very happy to see Saw Page Coby Mayo '68 and Priscilla Bures Johnson '68. Barbara Barry Kramer was also there. Her and her husband are expecting their first child in the spring. They've bought a home in the Washington area, which makes them practically your neighbors.

So, that's about it, and now I won't feel guilty for another two years. Nothing much is new with us. Jimmy was born in June and is quite a character. We're gradually furnishing our home in Foxboro (which, in case you're a sports fan, is where the stadium for the Boston Patriots will be built). We're 30 miles South of Boston and 25 miles north of Providence—about 10 miles off Rt. 95. I wish anybody that would stay would stop by. I appreciate your taking the time to pass along all the news. Joan.

Helece Calhoun Hutter and Chris are finally out of the Air Force and have settled back home in Lynchburg. Chris is an Assistant Bank Examiner for United Virginia Bank Shares. They seem to be very happy being back in Va. Charlotte Vermorel McElvitt wrote at Christmas that Mac would be in the Navy as of Jan. 15, 1971. They were planning to move to Lynchburg where Mac will work in the trust department of a bank until Sept. when he hopes to enter law. Law Center Mac was anxious to get settled in Lynchburg as his second child was due the end of Jan. Their little Stephanie is fifteen months at this writing in Jan.

Mary Mae Blanchard Harris wrote that she got to see Joan Johnson Vowell and Andy over Christmas. Joan and Andy have bought a home in Va. Va. and are expecting their second child in March.

Co Goode Klink and Robert are in Richmond where he is completing his fourth year in medical school at VCU.

Jo Jo Waechter Taylor and John welcomed the arrival of their first son, John Champness, Jr., on their third anniversary, Dec. 29, 1970. Little Champness weighed in at 8 lbs. 9 oz. The Taylors are enjoying being settled in a house in Jacksonville where John is practicing law.

Joanne and I are getting ready for the arrival of our first child in April and are quite impatient. I hope to hear from others of you really soon as it's great fun receiving the news and passing it along to the rest of the class.

Happy spring everyone! You have been generous with your letters; please keep them coming. I have a new address, which you can see above; Murray and I are expecting our first child in June, and we have larger quarters for more.

I heard from Nane Weber Turney and husband David were expecting their first child recently. They are settled in Dayton, Ohio. Nane was teaching until her early "retirement."

Peenington Leach is in Edison, New Jersey with her husband Steve, stationed in the Marines until recently. Steve is now working for a communications firm. Steve would have quit teaching by now; her baby is due in March, I believe.

Glenn Lynda Thorpe Updegraff and her second child this past summer. Her name is Kelley Lynn; she's their first daughter. Congratulations!

I just heard out that Virginia Ellis Talbot has been married since June 27, 1970. Several bridesmaids were MWC graduates. Sue Spencer Collins (Mrs. Michael), Gayle A. Warrner (Mrs. Robert), Susan Lohr (Mrs. and Nancy Parker Sloss '69, Larry and George are now living in Richmond.

I also heard that Roba Poole has been married to Richard Spaulding. They are living in Washington, D.C. That's all the information I have for the present.

A very navy tale came from Ann Wilkerson Williams. She told Ted and John plus their two year old daughter, Melinda, are stationed in Rota, Spain, near Cadiz. While John is off shore, she busies herself with teaching thirteen private pupils. The Williamses expect to be at the Naval Base in Spain for another year.

Ann wrote that Wendy Hamblin Moffitt is teaching in her second grade this year in Richmond while her husband, Bob, is working with one of the television stations there.

Also in Richmond is Bettie Sue Amis Kornegay '68. She is teaching while her husband, Jim, is working on a law degree at T.C. Williams of the University of Richmond.

Peggy Wilkerson Jennings is in Waynesboro where she is working at last report. Tom is out of the Navy now.

Barry and Elizabeth Cornell Faye are fortunate enough to be stationed on Ford Island, Hawaii (or a Navy tour).

Carm Wade Adams and Dick are stationed on a Naval Base in Sigonella, Sicily. Carm and Dick were delighted to hear that he will not be going to Vietnam at all this year—or the next, we hope. We're very happily "settled" here in Baltimore. Murray is the Post Judge Advocate at Fort Holabird.

Many thanks for your news.

Jeane

Between my recent wanderings and your Christmas messages (I didn't forget you) I addressed all the cards and made them. Maybe next time I will have heard news of quite a few. So, once again I decided to add a "bit" to the class news column.

Betty Skinner Chappell really deserves to be mentioned first because she wrote such a long, enjoyable letter. She and Ed were married in November 1967, then spent the rest of that year in the Williamsburg area while he attended law school at W&M. They moved to Richmond in August 1968, where Ed earned his law degree. They have been there ever since Betty taught at Tuckahoe Jr. High School with Pat Johnson Organ '66 Lou Casco, Betty Pessamaneck, Weine. Weine and Betty Adams arrived last summer when daughter Amy was born.

While I still remember I ran into Lou Casco one evening recently and was so delighted to learn she is to be married. Lou will send you the particulars?

"Back to Betty, who sent news that Cindy Snyder Pierson was married. I was so happy. On my trip to Atlanta I hope to see her but the baby had just arrived, so we never did cross paths. Please send her information. I hope to see her. I heard that Bill and Laurie LaSauce Kennedy are expecting and that Co Goode Klink's dad had been very ill but was doing much better. Mary Mae Blanchard Harris is teaching again this year, and all is well with her.

I heard from Marli Blair Harrison '70 who reported that she and Nicole will be in Fredericksburg for MWC summer school this year.

A short message from Joan McKean Patterson said that she and the girls will be in Lynchburg for a year while Michael is "gone" I assume an overseas tour of her husband. Virginia will tell you let us know when you arrive back here.

Shortly before Christmas I saw Nancy Ayres Penay '68, who is teaching English at a community college near Frost, Royal and loves it.

I went home to New Jersey at Christmas and spent a few days at the art history of Mary Francis. She was doing research for papers. Would you believe that the first person I saw was Jane Walcott Hehl '68, who is working in the library at Princeton. I heard that her husband has a temporary job in the area. Then I went to lunch in Princeton one day and was much amused to hear that Virginia and I had a date about his recent date with an MWC girl—he was impressed with her. It's a small world!

I saw in January Pam Tompkins Vance '68 and Sally stopped for a visit. She looks grand and is as full of life as ever. I might add that Sally has her mother's gift of giving people a good time.

She has settled in Virginia Beach and began graduate work in English at Old Dominion in February.

Later this month I went to Atlanta for an alumnae chapter meeting. I stayed with Elise Potts Smith and Terry, who will be three through August while he studies for his MEd. Barbara and I had our first grade. Saw Susie Saffran Potter, who is vice-president of the alumnae chapter.

Sally showed me a picture of their daughter, who is a real sweetie. I saw Pat and Barbara Barry Kramer, Laura Griffin and others who live in Massachusetts. Won't you write us soon, please. We wonder if you have seen each other too?

I saw in the local paper that "Ditty" Harrison was married to Donald Lee Jones '69. They are now in Ft. Collins, Colo. Fremont, Apt. V-2, Littleton, Colorado 80120.

The last news I heard from Patti Marille Reid was that Frank was studying for the bar exam. I saw that Pat and I had talked about getting the '67ers in the D.C.—suburban Md. and Va. areas together for coffee. Did you know there are 70 '67ers in the area? I hope to get an invitation in the next few months, do come. Perhaps we could have mini-reunions in Richmond and the Va. Beach areas too. What say you?

tickets for a football game—New York Jets and Oakland Raiders (who else????)—that we have managed to find for her. She seems to be enjoying her job at N.S.A. and is in the process of planning an early wedding. She became engaged to Doug Manley, also working at N.S.A., on January 23rd. Carole reports that she has just recently seen Merle Vlatava, who's working in D.C. Barbara de Wood and Jan Sullivan Meaker, who is moving to Arizona where Tom will work and Jan will go to school.

Speaking of marriage we heard from Brenda Butler Burt that she married William Patrick Butler of San Francisco on December 20th at St. Mary's Catholic Church in Barnesville, Md. He's a purchasing agent for Bethel Corp. in Gaithersburg, Md. They're living at 52A, Rt. 100, Poolesville, Md. 20637.

We drove down to Williamsburg on October 14th to see Ann Barry marry John Butler. They lived in Camp Lejeune until December when John got out of the Corps and now John will return to Quantico to be trained by the F.B.I. Kathy Shepherd McLeod was in the wedding and many more were at the wedding. Carol Pearson Beardon who is back at Quantico with Lyn, Lynn Weisner Wright, Loren Lawler, Carol Weisner Houston who is still in Charlottesville while she and Dave are in school, and Linda Jordan who enjoyed her summer in Europe and is now teaching in Stafford County and living in Fredericksburg.

Jane became engaged over Christmas to Cliff Calchini. They've set an August 14th wedding date in Solon, Alabama.

We are both thoroughly enjoying winter in New York, taking ski lessons and playing in the snow. I'd 14 know how much fun skiing is I'd have moved up here long ago.

We're looking forward to hearing from more of you and hope that if any of you get to New York you'll let us know.

Jane & Marion

Hi, Classmates!

It's news time again and I'm happy to say my mailbox has been overflowing with letters from you all. This is quite a welcomed change from my usually empty P.O. box while at WMC, so keep 'em coming!

Over the holidays, I managed to see and/or hear from a lot of alumnae. Judy Weissner is still living in Richmond with Sarah Carter and is now working in Youth Services for the U.S. Welfare Dept. while Susan continues to teach Latin in Henrico County. Another alumna in Richmond included Judy Winstler who was recently promoted to Asst. Buyer at Thalheimer's, Francis Cole and Carolyn Wadsworth. Carol Mayer Hofer writes that she and husband Stan are now living in Edison, N.J. where Carol teaches high school Spanish. Judy Mansfield Muller is also at the same school, teaching English and drama.

While the Hofers were visiting Carol's sister (now a freshman at WMC), they ran into Georgia Charabas who was also visiting someone in Willard. After graduating from U.Va. in June, Georgia traveled to Greece during the summer, then returned to do graduate work at the U. of Md. Carol also saw Lee Daryl Parker in October who was planning to move to Quantico soon with her husband and finish up school at WMC. Also from N.J. comes news from Randeel Sheele who's enjoying her teaching job in Cranford. Randeel sends news of Diane Hagg, now studying law at the U. of Minnesota, of Brenda Stokes, who's teaching in King George, Va., of Karee Reuter Rountree, a teacher in Rhode Island, and of Tricia Williams Blow who works for a telephone company here in Northern Virginia.

Within Va. I hear from Elloé Smythe who enjoys her position as a high school Spanish teacher in Winchester. After school hours, Elloé buses herself as sponsor of the Spanish Club and of a Drill Team the members of which at night she works at the Little Theatre group. That certainly is a busy schedule!

From the Northern Va. area, Kathy Derr has a new letter in to fill me in on her activities. She is currently working with Decision Control Inc. in Bethesda as an associate of a three-person team studying attitudes toward the multiple kinds of caption. After researching the problem and developing their own survey instruments, Kathy and her associates began the national survey in Pa. The survey includes traveling to several states to conduct personal interviews. Let's hope the survey proves to be a success not only for Kathy's sake but for the benefit of the handicapped in

America. Aside from her job, Kathy buses herself during statistics at night after having completed a course in Auto Repair for Women which, by the way, she highly recommends for those who don't want to be taken advantage of at a garage!

Down Norfolk way come news from Lily Smith who's teaching English and French in Va. Beach. Lily and Nancy Murray, her roommate, share an old house built around 1913 which is located on a block composed "half of elderly folks and half of ODU college students, hippie freaks and one or two assorted commies. All in all, it's pretty exciting!"

Another alumna hailing from Norfolk is OJ Johnson Caprio who writes often, keeping herself posted on news in her area. OJ is currently substitute teaching at local high schools and tutoring after school hours. Her husband Joey is also teaching but hopes to enter law school next fall. Recently, while OJ was job hunting, she went to Va. Personnel Agency where she ran into Laurie King Blakemore who works at the agency as a personnel counselor. As Laurie was married the summer of '69, she left MWC to travel with her husband Porter but continued taking courses at U. of West Virginia and of Concordia. This past summer, Laurie finished her last two weeks at MWC so she could graduate this August. As Porter is now a Navy pilot, Laurie is now a teacher in Norfolk for a while. While OJ was talking with Laurie, in strolls Betty Neel who gave news on more of the Richmond crowd: Carol Kline, a travel writer and Kathy Abel works as a personnel supervisor in a bank and live with Debby White. OJ also ran into Grace Hines Sorey who finished her ODU and now teaches 9th grade earth science at Norview Jr. High in Norfolk. And finally, OJ writes of Gladys Rose who traveled to Europe this summer, then took a course in sociology at Bard College. She's now working as a secretary for WCBS in New York.

Besides employment agencies, our classmates seem to congregate in other places, as well. During Barbara Derr's I attended Nancy Raison's '93 wedding to Michael Schlossberg. Nancy has been and is still (I think) working at a hospital in Harlem where she met Michael, a doctor doing research in cancer. Among the attendants at their candlelight service were many alumnae, including Lesley Planning Atkinson '89, Sally and William and Donna Berdahl Jones. The Atkinsons are now living in Alexandria and Lesley continues to work for a French company while Dick finishes up his Ph.D. in political position at the Pentagon. Sally Wright Simmons and Randy are now stationed at Vandenberg AFB in Calif., then on to Great Falls, Montana for 3 1/2 years. Donna is living and working in Woodbridge waiting for Skip's return from Vietnam.

Northern Va. finds quite a few alumnae, among them Barbara Pratt who lives at home while working as a secretary in a bank in Arlington. Margaret Mue teaches second grade in Springfield and shares an apartment in Vienna with Susan Davis who does research in the Archives in D.C. The other day I talked with Patty Wesver who recently quit her secretarial position to begin training in Pin Air stewardess; however, the program was postponed for a while so Patty is yet another '70 alumna hanging in limbo.

Moving to the far South, Mary Karee Velles sends news from Atlanta where she works as an executive secretary to the RKO TV and Radio Representatives. Mary and her husband, Mike, had quite a bit of responsibility but finds the advertising and broadcasting business fascinating. She's sharing an apartment with Elloé Cusumano who teaches high school Spanish, I believe.

Winging over to Longview, Texas, my sister, Tanya Paige McBee '68 and husband, Dave, are getting themselves settled in their new home. Tex is still selling for American Cyanamid while Tanya buses herself taking care of their daughter, Natalie, who was just a year old in November. The McBee's say their home is open to any alumnae who happen to stay along their way.

Back to the East, I'm still working for the Nat'l Council on Crime and Delinquency spending my 9-to-5 hours pursuing criminal laws. As it's only a temporary position, I will soon be beating the pavement again, searching for that lifelong career. Maybe I'll run into some of you all at the employment agency.

That about all I have to share with you now but please keep the letters coming so I can include your news in the next issue. Hope to hear from you soon.

Gabby

# Missing Persons

On the following pages are listed the names of missing persons for the Classes 1951-1969. Some of these names have been published before, while others are being printed for the first time.

With the inclusion of this list the Alumnae Association is bringing to a close the first phase of the missing persons project. The results thus far have been extremely encouraging since over 700 names and addresses have been restored to the active files. It is our hope that the response to this list will bring the final number to 1000. We wish to thank all who have contributed their time and effort in making this project a success. We hope that you will be able to assist us in the days ahead as we continue to search for missing persons.
